# round shape gel implants

**COHESIVE ROUND IMPLANTS  
DESIGNED FOR A FULLER LOOK  
WITH A NATURALLY SOFT FEEL**

Designed to provide  
fullness in the top part of  
your breast (cleavage)

Available in  
smooth surface

**OVER 100  
SIZES IN SIX  
PROJECTION  
LEVELS**

Jamie, Actual Sientra Patient

## smooth surface

THE POPULAR CHOICE

Soft yet durable. Smooth shells keep the gel  
inside and allow the implant to move naturally  
with the breast tissue.

A hole or tear in the shell  
of the implant

**LOWEST**  
Reoperation  
rate\*

## **REOPERATION**

Any additional surgery performed  
to the breast after the first  
breast implantation

\*(primary augmentation cohort)

# see the most comprehensive and longest warranty

BECAUSE WE BELIEVE IN THE SAFETY AND  
PERFORMANCE OF OUR IMPLANTS, WE CAN  
OFFER THE INDUSTRY'S BEST WARRANTY

The Sientra Platinum20 Product Replacement and Limited Warranty Program is the most comprehensive and longest of any breast implant manufacturer. Not only does it provide the most comprehensive protection and longest length of coverage, it also includes the most financial assistance and least amount of warranty restrictions in the industry. Covers all primary and revision augmentation and reconstruction surgeries.

**LIFETIME** FREE implant replacement for rupture

**20 YEAR** Up to \$5,000\*\* for uncovered fees and costs due to implant rupture

**20 YEAR** FREE implant replacement for complications of capsular contracture (Baker Grade III/IV), late forming seroma, and double capsule

**2 YEAR** Up to \$2,000\*\* for uncovered fees and costs due to capsular contracture (Baker Grade III/IV), late forming seroma, and double capsule

For qualifying patients with late forming seroma, the Sientra Platinum20 warranty will cover the cost of complete testing, based on current best practices, for Breast Implant Associated-Anaplastic Large Cell Lymphoma (BIA-ALCL).

\*\*Reimbursement quoted in Canadian Dollars.

# see confidence in your choice

PATIENT SATISFACTION RATES<sup>3</sup>

## see a board-certified plastic surgeon

Sientra is exclusively available to board-certified plastic surgeons, meaning you're in exceptionally good hands. Not all surgeons who perform breast augmentation reach the level of skill required and length of experience to become board-certified.

Board-certified plastic surgeons require the highest level of training and education and, as a result, are shown to minimize complications relating to breast surgery.<sup>4</sup>

#### IMPORTANT SAFETY INFORMATION

Sientra's Silicone Gel Breast Implants are indicated for breast augmentation in women at least 22 years old and for breast reconstruction. Breast augmentation includes primary breast augmentation to increase the breast size, as well as revision surgery to correct or improve the result of primary breast augmentation surgery. Breast reconstruction includes primary reconstruction to replace breast tissue that has been removed due to cancer or trauma or that has failed to develop properly due to a severe breast abnormality. Breast reconstruction also includes revision surgery to correct or improve the results of a primary breast reconstruction surgery. Breast implant surgery is contraindicated in women with active infection anywhere in their bodies, with existing cancer or pre-cancer of their breast who have not received adequate treatment for those conditions and, who are pregnant or nursing.

Key complications include capsular contracture, implant removal, rupture and reoperation. For more detailed information about the risks and benefits of Sientra breast implants, please visit [sientra.ca/resources](http://sientra.ca/resources) or call Sientra at 888.478.5782. Sientra breast implants with High-Strength Cohesive silicone gel are only available through board-certified or board-eligible plastic surgeons.
